RE: Countervailing duty scope determination on aluminum extrusions from the People's Republic of China (C-570-968).

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from N.R .Windows Inc. (NR Windows). Commerce issued a final scope determination on 06/19/2014 that NR Windows' window wall kits which NR Windows' imports are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).
2. Commerce determined that NR Windows' window wall kits, composed of non-weight bearing extruded aluminum window frames, sheet aluminum, fasteners, gaskets, glazing sealants, and glass panes, are outside the scope of the order because the window wall kits contain, at the time of importation, all of the necessary parts to fully assemble a final finished good and require no further finishing or fabrication, such as cutting or punching, and are assembled 'as is' into a finished product" and, thus, meet the exclusion criteria for finished goods kits. Therefore, NR Windows' window wall kits are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China.
3. For all entries of window wall kits not within the scope, as described above, that remain unliquidated on or after 09/07/2010, CBP shall terminate suspension and liquidate entries of window wall kits which were entered, or withdrawn from warehouse, for consumption.
4. Refund any cash deposits and release any bonds relating to the window wall kits not within the scope described above.
5. These instructions constitute notice of the lifting of suspension of liquidation of entries of window wall kits entered, or withdrawn from warehouse, for consumption on or after 09/07/2010.
6. The assessment of countervailing duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778

requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated countervailing duties. The interest provisions are not applicable to cash or bonds posted as estimated countervailing duties before the date of publication of the countervailing duty order. Interest shall be calculated from the date payment of estimated countervailing duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of aluminum extrusions from the People's Republic of China not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates.
