RE: Notice of final determination in the antidumping duty investigation of grain-oriented electrical steel from Japan (A-588-871)

1. On 07/22/2014, Commerce published in the Federal Register (79 FR 42501) its final affirmative determination of sales at less-than-fair-value in the antidumping duty investigation of grain-oriented electrical steel from Japan (A-588-871).

2. The products covered by this investigation are grain-oriented silicon electrical steel (GOES). GOES is a flat-rolled alloy steel product containing by weight at least 0.6 percent but not more than 6 percent of silicon, not more than 0.08 percent of carbon, not more than 1.0 percent of aluminum, and no other element in an amount that would give the steel the characteristics of another alloy steel, in coils or in straight lengths. The GOES that is subject to these investigations is currently classifiable under subheadings 7225.11.0000, 7226.11.1000, 7226.11.9030, and 7226.11.9060 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these investigations is dispositive. Excluded are flat-rolled products not in coils that, prior to importation into the United States, have been cut to a shape and undergone all punching, coating, or other operations necessary for classification in Chapter 85 of the HTSUS as a transformer part (i.e., laminations).

3. This investigation has been assigned investigation number A-588-871.

4. For imports of grain-oriented electrical steel from Japan, CBP shall continue to suspend liquidation of such shipments entered, or withdrawn from warehouse, for consumption on or after 07/22/2014. Effective 07/22/2014, CBP shall require, for such entries, a cash deposit equal to the margins for the producers and/or exporters listed below:

Producer and/or Exporter: JFE Steel Corporation

Case number: A-588-871-001

Cash deposit rate: 172.30%

Producer and/or Exporter: Nippon Steel & Sumitomo Metal Corporation

Message Date: 07/23/2014

Message Number: 4204302

Page 2 of 4

Case number: A-588-871-002

Cash deposit rate: 172.30%

All Others

Case Number: A-588-871-000

Cash Deposit Rate: 93.36%

5. If any entries of this merchandise are exported by a firm other than the producer, then the following instructions apply:

A. If the exporter of the subject merchandise does not have its own rate but the producer has its own rate, the cash deposit will be the producer's rate.

B. Where neither the exporter nor the producer currently has its own rate or the producer is unknown, use the all-others rate of 93.36 percent to establish the cash deposit.

6. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OVI:SB.)

7. There are no restrictions on the release of this information.
