RE: Scope determination on countervailing duty order on aluminum extrusions from the People's Republic of China ("PRC") (C-570-968).

1. On 07/17/2014, in response to a request by Signature Partners Inc. ("Signature"), Commerce issued a final scope determination that Signature's extruded aluminum automotive trim kit for specialty vehicles, which Signature imports, is within the scope of the countervailing duty order on aluminum extrusions from the PRC (C-570-968).
2. Because the imported product does not enter the United States with all components necessary to complete the final automotive trim kit that is delivered to Signature's customer, Commerce found this product to be within the scope of the order.
3. Continue to suspend liquidation of entries of aluminum extrusions from the PRC, including Signature's automotive trim kit imported by Signature described above, subject to the countervailing duty order on aluminum extrusions from the PRC.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII:RS.)
5. There are no restrictions on the release of this information.
