Notice of Lifting of Suspension Date: 11/19/2014

RE: Countervailing duty scope determination on aluminum extrusions from the People's Republic of China (C-570-968).

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from KIK Custom Products ("KIK"). Commerce issued a final scope determination on 11/03/2014 that KIK's telescoping poles which KIK imports are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China ("PRC") (C-570-968).

2. Commerce determined that KIK's telescoping poles, which are composed of aluminum extrusion poles (Aluminum Association alloy series 6063); a plastic handle, a plastic cap, a plastic connector(s) and a plastic peg(s) to hold the telescoping poles in place when extended are finished goods containing aluminum extrusions as parts that are fully and permanently assembled and completed at the time of entry. Therefore, KIK's telescoping poles are not within the scope of the countervailing duty order on aluminum extrusions from the PRC under the finished goods exclusion.

3. For all entries of telescoping poles not within scope that remain unliquidated on or after 09/07/2010, CBP shall terminate suspension and liquidate entries of product not within scope which were entered, or withdrawn from warehouse, for consumption.

4. Refund any cash deposits and release any bonds relating to KIK's telescoping poles described above.

5. These instructions constitute notice of the lifting of suspension of liquidation of entries of KIK's telescoping poles entered, or withdrawn from warehouse, for consumption on or after 09/07/2010.

6. The assessment of countervailing duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the

required amounts deposited as estimated countervailing duties. The interest provisions are not applicable to cash or bonds posted as estimated countervailing duties before the date of publication of the countervailing duty order. Interest shall be calculated from the date payment of estimated countervailing duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of aluminum extrusions not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates.
