RE: Countervailing duty scope determination on aluminum extrusions from the People's Republic of China (C-570-968)

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from Pacific Product Solutions (Pacific Product). Commerce issued a final scope determination on 11/04/2014 that motorized arm sets which Pacific Product imports are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).
2. Commerce determined that Pacific Product's motorized arm sets, which are composed of two motorized arms and all hardware necessary for installation of the arms to the RV or Trailer (not imported with the awning or roller bar) and contain non-extruded aluminum components beyond fasteners, are finished good kits containing all of the components needed to fully assemble a final finished good, requiring no further finishing or fabrication prior to installation in the ultimate downstream product. Therefore, Pacific Product's motorized arm sets are excluded from scope of the countervailing duty order on aluminum extrusions from the People's Republic of China under the finished goods kit exclusion.
3. For all entries of motorized arm sets not within scope that remain unliquidated on or after 09/07/2010, CBP shall terminate suspension and liquidate entries of product not within scope which were entered, or withdrawn from warehouse, for consumption.
4. Refund any cash deposits and release any bonds relating to entries of motorized arm sets that are not within the scope as described above.
5. These instructions constitute notice of the lifting of suspension of motorized arm sets entered, or withdrawn from warehouse, for consumption on or after 09/07/2010.
6. The assessment of countervailing duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778

requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated countervailing duties. The interest provisions are not applicable to cash or bonds posted as estimated countervailing duties before the date of publication of the countervailing duty order. Interest shall be calculated from the date payment of estimated countervailing duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of aluminum extrusions from the People's Republic of China not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates.

8. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII: MKM).

9. There are no restrictions on the release of this information.
