2. As a result of Commerce's review, the cash deposit rate has been revised for a certain company. Therefore, for shipments of certain large diameter carbon and alloy seamless standard, line, and pressure pipe from Japan produced and/or exported by the firm listed below, entered, or withdrawn from warehouse, for consumption on or after 11/17/2014, the required cash deposit has been revised:

Cash deposit rate: 107.80%

3. If any entries of merchandise are exported by a firm other than the producer, then the following instructions apply:

A. If the exporter of the subject merchandise has its own rate, use the exporter's rate to determine the cash deposit rate.

B. If the exporter of the subject merchandise does not have its own rate but the producer has its own rate, the cash deposit rate will be the producer's rate.

C. Where neither the exporter nor the producer currently has its own rate or the producer is unknown, use the all-others rate for establishing the cash deposit rate.
