Notice of Lifting of Suspension Date: 03/23/2015

RE: Countervailing duty scope determination on aluminum extrusions from the People's Republic of China (C-570-968).

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from Ford Atlantic. Commerce issued a final scope determination on 03/04/2015 that folding tripod display easels (Model Numbers: QFESL and QFESLG) that Ford Atlantic imports are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).

2. Commerce determined that Ford Atlantic's folding tripod display easels (Model Numbers: QFESL and QFESLG), consisting of aluminum extrusions and non-extruded aluminum components (i.e., various non-extruded joints, connectors, and caps) which go beyond mere fasteners, are outside the scope of the order because they are a finished product that is permanently assembled and completed at the time of entry and requires no further modification subsequent to entry to be sold to the downstream customer. Therefore, Ford Atlantic's folding tripod display easels (Model Numbers: QFESL and QFESLG) are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China.

3. For all entries of Ford Atlantic's folding tripod display easels not within scope that remain unliquidated on or after 09/07/2010, CBP shall terminate suspension and liquidate entries of product not within scope which were entered, or withdrawn from warehouse, for consumption.

4. Refund any cash deposits and release any bonds relating to Ford Atlantic's folding tripod display easels described above.

5. These instructions constitute notice of the lifting of suspension of liquidation of entries of folding tripod display easels entered, or withdrawn from warehouse, for consumption on or after 09/07/2010.

6. The assessment of countervailing duties by CBP on shipments or entries of this merchandise is

subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated countervailing duties. The interest provisions are not applicable to cash or bonds posted as estimated countervailing duties before the date of publication of the countervailing duty order. Interest shall be calculated from the date payment of estimated countervailing duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of aluminum extrusions from the People's Republic of China not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates.
