RE: Cash deposit instructions for modules, laminates, or panels, produced in third countries from subject crystalline silicon photovoltaic cells produced in the PRC (A-570-979 (multiple case numbers))

1. Commerce has published in the Federal Register (80 FR 40998) on 07/14/2015 the final results of administrative review of certain exporters subject to the antidumping duty order on crystalline silicon photovoltaic cells ("solar cells"), whether or not assembled into modules, from the People's Republic of China ("PRC") for the period 05/25/2012 through 11/30/2013. On 07/21/2015, Commerce issued cash deposit instructions with regard to this merchandise (see message 5202302). However those instructions did not include the relevant case numbers for modules, laminates, or panels, produced in a third country from subject solar cells produced in the PRC (see message 2158303, dated 06/06/2012). Accordingly, we are issuing these instructions.

2. As a result of Commerce's review, the cash deposit rates have been revised for certain exporters. Therefore, for modules, laminates, or panels, entered, or withdrawn from warehouse, for consumption on or after 07/14/2015 that were produced in a third country from subject solar cells that were produced in the PRC, the required cash deposit has been revised for the following case numbers:

Country: Canada

Case Number: A-122-988-000

Cash deposit rate: 238.95 percent

PRC solar cell exporter: Hangzhou Zhejiang University Sunny Energy Science and Technology Co., Ltd.

Case number: A-122-988-005

Cash deposit rate: 9.67

NOTE: In the administrative review, the PRC company on whose rate case number A-122-988-005 is based, Hangzhou Zhejiang University Sunny Energy Science and Technology Co., Ltd., received its own exporter rate without regard to its producer (see above). Accordingly, we have deactivated the following previously related third-country exporter-producer chain rate case

number: A-122-988-002, and parties may no longer use this case number.

3. If the third-country exporter of subject modules, laminates, or panels produced in the third-country from subject solar cells produced in the PRC does not have its own rate, the importer may enter the merchandise at the PRC solar cell exporter's rate. Importers who wish to enter such merchandise at the company-specific cash deposit rate of the PRC solar cell exporter should contact the port of entry immediately for assistance with obtaining the appropriate company-specific third-country case number if one does not already exist. CBP headquarters should notify Commerce immediately about such requests so that Commerce may establish the appropriate case number in the ACE antidumping/countervailing duty case reference file.

4. If neither the third-country exporter of subject modules, laminates, or panels produced in the third-country from subject solar cells produced in the PRC, nor the PRC exporter that supplied the solar cells used to produce the third-country modules, laminates, or panels has its own rate, use the applicable third-country all others rate (the case number ending with -000).

5. These cash deposit requirements shall remain in effect until further notice. Do not liquidate any entries of merchandise included in this administrative review until assessment instructions are issued.

6. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by O4: DJ.)

7. There are no restrictions on the release of this information.
