RE: Certain Crystalline Silicon Photovoltaic Products from Taiwan (A-583-853) assembled in third countries (multiple case numbers)

This is an informational message, no action is required.

1. On 07/08/2015 and 07/10/2015, Commerce added the following an additional country case number and company-specific case numbers in ACE for certain crystalline photovoltaic products from Taiwan (A-583-853) assembled in third countries.

2. The merchandise covered by this order is crystalline silicon photovoltaic cells, and modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials.

Subject merchandise includes crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Modules, laminates, and panels produced in a third-country from cells produced in Taiwan are covered by this order. However, modules, laminates, and panels produced in Taiwan from cells produced in a third-country are not covered by this order.

Excluded from the scope of this order are thin film photovoltaic products produced from amorphous silicon (a-Si), cadmium telluride (CdTe), or copper indium gallium selenide (CIGS). Also excluded from the scope of this order are crystalline silicon photovoltaic cells, not exceeding 10,000mm<sup>2</sup> in surface area, that are permanently integrated into a consumer good whose function is other than power generation and that consumes the electricity generated by the integrated crystalline silicon photovoltaic cells. Where more than one cell is permanently integrated into a consumer good, the surface area for purposes of this exclusion shall be the total combined surface area of all cells that are integrated into the consumer good.

Further, also excluded from the scope of this order are any products covered by the existing

antidumping and countervailing duty orders on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People's Republic of China ("PRC") (See Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order, 77 FR 73018 (December 7, 2012); Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Countervailing Duty Order, 77 FR 73017 (December 7, 2012).) Also excluded from the scope of this order are modules, laminates, and panels produced in the PRC from crystalline silicon photovoltaic cells produced in Taiwan that are covered by an existing proceeding on such modules, laminates, and panels from the PRC.

Merchandise covered by this order is currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under subheadings 8501.61.0000, 8507.20.8030, 8507.20.8040, 8507.20.8060, 8507.20.8090, 8541.40.6020, 8541.40.6030 and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this order is dispositive.

3. As discussed in paragraph 2 above, Commerce considers modules, laminates, and panels produced in a third-country from cells produced in Taiwan to be covered by the scope of this order. However, modules, laminates, and panels produced in Taiwan from cells produced in a third-country are not covered by the scope of this order. Since importers may import modules, laminates, and panels produced in a third country from subject solar cells produced in Taiwan, third-country case numbers have been established to allow such merchandise to be properly claimed as subject merchandise upon entry. Message 5090304, dated 03/31//2015 identified third countries and corresponding case numbers for merchandise from those countries that is covered by the scope of this order. Paragraph 4 provides information for an additional third country for which we have established case numbers for merchandise covered by the scope of this order.

4. This paragraph identifies an additional third country, and the corresponding case number, for merchandise from that country that is covered by scope of this order. This case number has been assigned for antidumping Customs purposes.

5. In addition, the following is a list of third country company-specific case numbers corresponding to specific Taiwanese producers and/or exporters of Taiwanese solar cells, established for merchandise from those third-countries that is covered by the scope of this order. These

company-specific case numbers have been assigned for antidumping Customs purposes.

Third Country: Canada

Taiwanese Producer and/or Exporter: Motech Industries, Inc.

Case Number: A-122-993-001

Third Country: Malaysia

Taiwanese Producer and/or Exporter: Motech Industries, Inc.

Case Number: A-557-991-001

Third Country: Mexico

Taiwanese Producer and/or Exporter : Gintech Energy Corporation

Case Number : A-201-993-001

Taiwanese Producer and/or Exporter: Motech Industries, Inc.

Case Number: A-201-993-002

Third Country: Thailand

Taiwanese Producer and/or Exporter: Motech Industries, Inc.

Case Number: A-549-993-001

Third Country: Vietnam

Taiwanese Producer and/or Exporter: Motech Industries, Inc.

Case Number: A-552-993-001
