Notice of Lifting of Suspension Date: 12/09/2015

TO: { Directors Of Field Operations, Port Directors }

FROM: { Director AD/CVD & Revenue Policy & Programs }

RE: Antidumping duty scope determination on aluminum extrusions from the People's Republic of China (A-570-967)

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from Delphi Automotive Systems, LLC (Delphi). Commerce issued a final scope determination on 11/24/2015 that Delphi's tube and block assemblies, which Delphi imports, are not within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967).

2. Commerce determined that Delphi's tube and block assemblies listed below are outside the scope of the order because they meet the criteria at importation for a finished goods kit. The following are excluded from the scope pursuant to this scope ruling:

The aluminum tube and block assemblies for Delphi's automotive heating and cooling systems (also commonly referred to as the heating, ventilation, and air conditioning, "HVAC" systems) are evaporator core parts consisting of aluminum blocks and inlet-outlet tubes. After importation, once assembled, these items are finished articles ready for installation into automotive HVAC systems. Neither Delphi nor its customer performs further operations on the assemblies themselves.

Therefore, Delphi's tube and block assemblies imported as described are not within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China.

3. For all entries of Delphi's tube and block assemblies imported as described not within scope that remain unliquidated on or after 11/12/2010, CBP shall terminate suspension and liquidate entries of product which were entered, or withdrawn from warehouse, for consumption.

4. Refund any cash deposits and release any bonds relating to Delphi's tube and block assemblies described above.

5. These instructions constitute notice of the lifting of suspension of liquidation of entries of

Delphi's tube and block assemblies entered, or withdrawn from warehouse, for consumption on or after 11/12/2010.

6. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of aluminum extrusions from the People's Republic of China not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.

8. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OVI: VC.)

9. There are no restrictions on the release of this information.

Sherri L. Hoffman
