RE: Liq following notification of ITC negative final determination of critical circumstances for certain polyethylene terephthalate resin from India for the period before 08/14/2015 (C-533-862)

1. On 05/04/2016, the U.S. International Trade Commission (ITC) determined that critical circumstances do not exist with respect to certain polyethylene terephthalate resin (PET resin) from India. As a result of the ITC's negative determination of critical circumstances, CBP should terminate the suspension of liquidation for all shipments of PET resin from India that were entered, or withdrawn from warehouse, for consumption before 08/14/2015 (the date of publication of Commerce's affirmative preliminary determination notice in the Federal Register). All such entries should be liquidated without regard to antidumping duties (i.e., refund all cash deposits).
2. Notice of lifting of suspension of liquidation of entries of merchandise entered, or withdrawn from warehouse, for consumption before 08/14/2015, occurred with the publication of the ITC's final determination of its investigation (81 FR 26832) on 05/04/2016. For all other shipments of PET resin from India, continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates unless instructed otherwise.
3. The interest provisions of section 778 of the Tariff Act of 1930, as amended, do not apply.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OVI: JC)
5. There are no restrictions on the release of this information
