RE: Cash deposit instructions for modules, laminates, or panels, produced in third countries (multiple case nos.) from subject solar cells produced in the PRC (A-570-979)

1. Commerce has published in the Federal Register (81 FR 39905) on 6/20/2016 the final results of administrative review of certain exporters subject to the antidumping duty order on crystalline silicon photovoltaic cells ("solar cells"), whether or not assembled into modules, from the People's Republic of China ("PRC") for the period 12/01/2013 through 11/30/2014. Concurrent with these third-country cash deposit instructions, Commerce is issuing cash deposit instructions with regard to this merchandise produced in the PRC. Those instructions do not include the relevant case numbers for modules, laminates, or panels, produced in a third country from subject solar cells produced in the PRC. Accordingly, we are issuing these instructions.

2. As a result of Commerce's review, the cash deposit rates have been revised for certain exporters. Therefore, for modules, laminates, or panels, entered, or withdrawn from warehouse, for consumption on or after 6/20/2016 that were produced in a third country from subject solar cells that were produced in the PRC, the required cash deposit has been revised for the following third-country case numbers:

Country: Canada

PRC solar cell exporter: JA Solar Technology Yangzhou Co., Ltd.

Case number: A-122-988-006

Cash deposit rate: 8.52 percent

NOTE: In the administrative review, the PRC company on whose rate case number A-122-988-006 is based, JA Solar Technology Yangzhou Co., Ltd., received its own exporter rate without regard to its producer (see above). Accordingly, we have deactivated the following previously related third-country exporter-producer chain rate case number: A-122-988-004, and parties may no longer use this case number.

Country: Malaysia

PRC solar cell exporter: Yingli Energy (China) Company Limited/Baoding Tianwei Yingli New Energy Resources Co., Ltd./Tianjin Yingli New Energy Resources Co., Ltd./Hengshui Yingli New Energy Resources Co., Ltd./Lixian Yingli New Energy Resources Co., Ltd./Baoding Jiasheng Photovoltaic Technology Co., Ltd./Beijing Tianneng Yingli New Energy Resources Co., Ltd./Hainan Yingli New Energy Resources Co., Ltd./ Shenzhen Yingli New Energy Resources Co., Ltd.

Case number: A-557-988-001

Cash deposit rate: 12.19 percent

3. If the third-country exporter of subject modules, laminates, or panels produced in the third-country from subject solar cells produced in the PRC does not have its own rate, the U.S. importer may enter the merchandise at the PRC solar cell exporter's rate. U.S. importers who wish to enter such merchandise at the company-specific cash deposit rate of the PRC solar cell exporter should contact the port of entry immediately for assistance with obtaining the appropriate company-specific third-country case number if one does not already exist. CBP headquarters should notify Commerce immediately about such requests so that Commerce may establish the appropriate case number in the ACE antidumping/countervailing duty case reference file.

4. If neither the third-country exporter of subject modules, laminates, or panels produced in the third-country from subject solar cells produced in the PRC, nor the PRC exporter that supplied the solar cells used to produce the third-country modules, laminates, or panels has its own rate, use the applicable third-country all others rate (the case number ending with -000).

5. These cash deposit requirements shall remain in effect until further notice. Do not liquidate any entries of merchandise included in this administrative review until assessment instructions are issued.

6. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by O4: JDP.)

7. There are no restrictions on the release of this information.
