RE: Automatic liquidation instruction for modules/laminates/panels produced in third countries (multiple case nos.) from solar cells produced in the PRC (A-570-979), period covered 12/01/2013 - 11/30/2014

1. Commerce does not automatically conduct administrative reviews of antidumping duty orders. Instead, reviews must be requested pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended, and in accordance with 19 CFR 351.213.

2. As discussed in paragraphs 2 and 3 of Message No. 2158303, dated 06/06/2012, Commerce considers modules, laminates, and panels produced in a third country from subject crystalline silicon photovoltaic cells (solar cells) produced in the People's Republic of China (PRC) to be covered by the scope of the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the PRC (A-570-979) (AD Order). However, modules, laminates, and panels produced in the PRC from solar cells produced in a third country are not covered by the scope of the AD Order. Since importers may import modules, laminates, or panels produced in a third country from subject solar cells produced in the PRC and this merchandise may have a non-Chinese country of origin for Customs purposes, third-country case numbers have been established to allow such merchandise to be properly claimed as subject merchandise upon entry.

3. Commerce has not received a request for an administrative review of the antidumping duty order for the period and on the merchandise identified below except for the PRC firms related to the third-country case numbers listed in paragraph 4. Therefore, in accordance with 19 CFR 351.212(c), you are to liquidate all entries for all third-country firms except those listed in paragraph 4 and assess antidumping duties on merchandise entered, or withdrawn from warehouse, for consumption at the cash deposit or bonding rate in effect on the date of entry.

5. There are no injunctions applicable to the entries covered by this instruction.

6. Notice of the lifting of suspension of liquidation of entries of subject merchandise covered by paragraph 3 occurred with the publication of the notice of initiation of administrative review for the 12/2014 anniversary month (80 FR 6041, 02/04/2015). Unless instructed otherwise, for all other shipments of crystalline silicon photovoltaic cells, whether or not assembled into modules, from the PRC you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.

7. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

8. Upon assessment of antidumping duties, CBP shall require that the importer provide a reimbursement statement, as described in section 351.402(f)(2) of Commerce's regulations. The importer should provide the reimbursement statement prior to liquidation of the entry. If the importer certifies that it has an agreement with the producer, seller, or exporter, to be reimbursed antidumping and/or countervailing duties, CBP shall double the antidumping duties and/or increase the antidumping duty by the amount of the countervailing duties in accordance with the above-referenced regulation. Additionally, if the importer does not provide the reimbursement statement prior to liquidation, reimbursement shall be presumed and CBP shall double the antidumping duties due. If an importer timely files a protest challenging the presumption of reimbursement and doubling of duties, consistent with CBP's protest process, CBP may accept the reimbursement statement filed with the protest to rebut the presumption of reimbursement.

9. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by O4:JDP.)

10. There are no restrictions on the release of this information.
