RE: Scope determination on countervailing duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People's Republic of China (C-570-980)

1. On 07/29/2016, in response to a request by Sunprime Inc. (Sunprime), Commerce issued a final scope determination that the solar modules containing bifacial cells with crystalline silicon and amorphous silicon components (e.g., Sunprime model numbers GX 300, GxB 280, 290, 300, 310, GxB 330, 340, 350, 360, 370 GxB 280/SL, 290/SL, 300/SL, 310/SL, 300SM, 310SM), which Sunprime imports are within the scope of the countervailing duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (the PRC) (C-570-980).

2. Because the imported products are crystalline silicon photovoltaic cells that are at least 20 micrometers thick, contain a p/n junction, and are not excluded thin film products, Commerce found this product to be within the scope of the order.

3. Continue to suspend liquidation of entries of solar cells from the PRC, including the bifacial solar products imported by Sunprime described above, subject to the countervailing duty order on solar cells from the PRC.

4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP Ports should submit their inquiries through authorized CBP channels only. (This message was generated by OVII: KMW.)

5. There are no restrictions on the release of this information.
