RE: Scope determination on antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967).

1. On 08/10/2016, in response to a request by Agilent Technologies, Inc. (Agilent), Commerce issued a final scope determination that Agilent's Mass Filter Radiator (MFR) which Agilent imports is within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967).
2. Because Commerce determined that Agilent's MFR is not a "finished heat sink" and is not "finished merchandise containing aluminum extrusions as parts that are fully and permanently assembled and completed at the time of entry," Commerce found this product to be within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China.
3. Continue to suspend liquidation of entries of aluminum extrusions from the People's Republic of China, including the MFR imported by Agilent described above, subject to the antidumping duty order on aluminum extrusions from the People's Republic of China.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OVI:TRW.)
5. There are no restrictions on the release of this information.
