RE: Final scope determination – antidumping duty order on non-malleable cast iron pipe fittings from the People's Republic of China (A-570-875)

1. On 09/19/2016, in response to a request by Napac Inc. ("Napac"), Commerce issued a final scope determination that Napac's flanged fittings which Napac imports and Shanghai United Pipe Fitting & Accessories Co., Ltd., Vortex Qingdao Co. Ltd., and Dalian Shengtong Valve Product manufactures, are within the scope of the antidumping duty order on non-malleable cast iron pipe fittings from the People's Republic of China (A-570-875). Napac's flanged fittings that Commerce found to be subject to the antidumping duty order on non-malleable cast iron pipe fittings from the PRC falls under the following product codes, certain less than or equal to six inch inner diameter series gray iron 10F – 70F (flanged fittings), less than or equal to six inch inner diameter series 4200 (wide range coupling), less than or equal to six inch inner diameter series 4428 (wide range adapter), less than or equal to six inch inner diameter series RFC-200 (redi-flange), less than or equal to six inch inner diameter series 840-100 (ductile iron flange converters), and less than or equal to six inch inner diameter series 740 (compact flange reducer).
2. Because the imported product described in paragraph 1 above did not satisfy the requirements for the scope exclusion, Commerce found this product to be within the scope of the order.
3. Continue to suspend liquidation of entries of non-malleable cast iron pipe fittings from the People's Republic of China, including Napac's non-malleable cast iron pipe fittings imported by Napac described above, subject to the antidumping duty order on non-malleable cast iron pipe fittings from the People's Republic of China.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIV:SMB.)
5. There are no restrictions on the release of this information.
