Notice of Lifting of Suspension Date: 11/03/2016

TO: { Directors Of Field Operations, Port Directors }

FROM: { Director AD/CVD & Revenue Policy & Programs }

RE: Countervailing duty scope determination on raw flexible magnets from the People's Republic of China (C-570-923).

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from Qwik Picz Photo Booth LLC (Qwik). Commerce issued a final scope determination on 10/13/2016 that Qwik's business card frame, business card frame with label, and acrylic frame, which Qwik imports are not within the scope of the countervailing duty order on raw flexible magnets from the People's Republic of China (C-570-923).

2. Commerce determined that the following products imported by Qwik are outside the scope of the order:

The business card frame is a 6" x 25/8" rectangular piece of 0.5mm PVC magnet that is attached by glue and hot welding to a 0.1mm white PVC sticker. The white PVC sticker is permanently printed by means of silk or offset printing. A 0.2mm layer of transparent PVC is glued and hot welded to the two long edges of the white PVC. The business card frame is outside the scope of the order because the product has permanent printing on a white PVC layer, which meets the scope exclusion criteria for printed flexible magnets.

The business card frame with label is identical to the business card frame except that, instead of permanent printing on the white PVC layer, there is a label made by silk or offset printing. This label is approximately 2" x 1", transparent, and is placed by hand at the center of the white PVC layer, which is underneath the transparent PVC layer. The business card frame with label is outside the scope of the order because the label cannot be readily removed and the magnet cannot be re-printed, which meets the scope exclusion criteria for printed flexible magnets.

The acrylic frame is a single piece of acrylic that is heated and bent. The front piece is 63/16" long and the back piece is 57/8" long. Both pieces of acrylic are 2" wide and joined at the bottom. Attached to the back acrylic piece by adhesive is a 1½" square PVC flexible magnet that holds the

frame in place on a metal surface. The acrylic frame is outside the scope of the order because the magnet's adherence to a rigid piece of acrylic renders it inflexible.

Therefore, Qwik's business card frame, business card frame with label, and acrylic frame are not within the scope of the countervailing duty order on raw flexible magnets from the People's Republic of China.

3. For all entries of Qwik's business card frame, business card frame with label, and acrylic frame not within scope that remain unliquidated on or after 09/02/2008, CBP shall terminate suspension and liquidate entries of product not within scope which were entered, or withdrawn from warehouse, for consumption.

4. Refund any cash deposits relating to Qwik's business card frame, business card frame with label, and acrylic frame described above.

5. These instructions constitute notice of the lifting of suspension of liquidation of entries of Qwik's business card frame, business card frame with label, and acrylic frame entered, or withdrawn from warehouse, for consumption on or after 09/02/2008.

6. The assessment of countervailing duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated countervailing duties. The interest provisions are not applicable to cash or bonds posted as estimated countervailing duties before the date of publication of the countervailing duty order. Interest shall be calculated from the date payment of estimated countervailing duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of raw flexible magnets from the People's Republic of China not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates.

8. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII:KJ.)

9. There are no restrictions on the release of this information.
