RE: Scope determination on countervailing duty order on aluminum extrusions from the People's Republic of China (PRC) (C-570-968)

1. On 12/07/2016, in response to a request by the Aluminum Extrusions Fair Trade Council (AEFTC), Commerce issued a final scope determination that extruded aluminum profiles made of series 1xxx aluminum alloy, which are cut-to-length and welded together in the form of a pallet, from the PRC, regardless of producer or exporter are within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).
2. Because the imported product does not contain any non-aluminum extruded component, Commerce found this product to be within the scope of the order.
3. Continue to suspend liquidation of entries of aluminum extrusions from the PRC, including extruded aluminum profiles made of series 1xxx aluminum alloy, which are cut-to-length and welded together in the form of a pallet, from the PRC, regardless of producer or exporter described above, subject to the countervailing duty order on aluminum extrusions from the People's Republic of China.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984.
