RE: Antidumping duty scope determination on welded large diameter line pipe from Japan (A-588-857)

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from TransCanada Pipelines Ltd. Commerce issued a final scope determination on 03/24/2014 that CSA 550 line pipe which TransCanada Pipelines Ltd imports is not within the scope of the antidumping duty order on welded large diameter line pipe from Japan (A-588-857).
2. Commerce determined that TransCanada Pipelines Ltd's CSA 550 line pipe with an outside diameter of 48 inches up to and including 52 inches and a wall thickness of 0.90 inches is outside the scope of the order because it is comparable to API grade X80 with the same dimensions, which is expressly excluded from the scope of this order. Therefore, TransCanada Pipelines Ltd's CSA 550 line pipe is not within the scope of the antidumping duty order on welded large diameter line pipe from Japan. Refer to Message 2324202 dated 11/20/2002 regarding the scope exclusion related to this antidumping duty order.
3. For all entries of CSA 550 line pipe that remain unliquidated on or after 10/22/2002, CBP shall terminate suspension and liquidate entries of CSA 550 which were entered, or withdrawn from warehouse, for consumption.
4. Refund any cash deposits and release any bonds relating to CSA 550 line pipe described above.
5. These instructions constitute notice of the lifting of suspension of liquidation of entries of CSA 550 line pipe entered, or withdrawn from warehouse, for consumption on or after 10/22/2002.
6. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the

required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of welded large diameter line pipe from Japan not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.
