RE: Termination of the countervailing duty investigation of monosodium glutamate from Indonesia (C-560-827)

1. On 04/07/2014, Commerce published in the Federal Register its notice of termination of the countervailing duty investigation of monosodium glutamate from Indonesia (C-560-827) (79 FR 19056). This investigation has been terminated because producers accounting for substantially all of the production of the domestic like product expressed a lack of interest in the issuance of a countervailing duty order.
2. On 3/11/2014, Commerce published in the Federal Register its preliminary negative determination in this countervailing duty investigation (79 FR 13614, 03/11/2014). As such, Commerce did not direct United States Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise at that time. CBP shall continue to not suspend liquidation of entries of subject merchandise.
